the Fashion Plate

Model: Dakota
Clothing: A Girly Girl Boutique

Welcome to The Fashion Plate – the tri-cities' newest up-and-coming fashion venue, introducing an edgy twist and couture outlook on fashion, covering the latest fashion trends in the Michigan area.

I believe in capturing all aspects of fashion, such as clothing and accessories, food, home décor and, yes, even automobiles. My intent is to make the advertised topics appear in a vogue couture style, giving our advertising clients the edge of big city styling and results of all the great fashion syndicates.

We hope you enjoy the ride!
